

## Listening Session On Preventing And Ending Homelessness In Illinois

The IL Office to Prevent and End Homelessness is partnering with communities throughout Illinois to gather input on what needs improvements in homeless services, what is working well, and recommendations for Home Illinois Plan FY 2024-2026.

Please join us, the community, stakeholders, and those who have experienced homelessness to provide feedback on how the State of Illinois can work across agencies and within communities to best serve people experiencing homelessness and housing insecurity.

We invite those with Homeless lived expertise to join an in person listening session to actively engage and provide feedback in a safe and inclusive space.\*

There will be sessions held across Illinois. You are welcome to attend your regional meeting in-person.

**Please register for sessions:**
